

Ampcus to Deliver Cloud Security Presentation at Gartner Security & Risk Management Summit

Chantilly, VA – June 11, 2019 — Ampcus, a global provider specializing in solutions that optimize and protect the digital enterprise, will present at the *Gartner Security & Risk Management Summit*, to be held June 17 to 20 at National Harbor, MD. Ampcus' cloud security presentation will highlight client case studies to address workloads suited for the cloud, cloud migration readiness, and cloud security.

"Few organizations execute their cloud migration projects and new support models without experiencing security challenges," says Salil Sankaran, Ampcus President. "As a Platinum sponsor at *Gartner's Security & Risk Management Summit*, we will share insights gained through helping our customers secure and maintain their cloud environments. This will enable attendees to achieve a safer and more efficient cloud technology experience."

Join Ampcus in Booth #107 at the Gartner Security & Risk Management Summit, and attend Ampcus' cloud security presentation on Tuesday, June 18 at 3:30 PM.

About the Gartner Security & Risk Management Summit 2019
